Welcome to Borås Golfklubb

Borås is situated 37 miles east of Gothenburg and only a 40 minutes drive from Gothenburg—Landwetter Airport. On the 25th of February 1932 a group of industrialist, invited by Axel Bergengren, met to discuss a future golf course in Borås. The capital needed was raised and land was rented from the local regiment. The golf club was founded on the 12th of April 1933. The first 9 holes where laid out by ledgendary Swedish golfer Erik Runfeldt, then serving as a captain at the regiment. As the club grew there was a need for an 18 hole course, but the suitable land proved hard to find. It was not until 1954 that the new course could be opened at it's current location. The opening drive was played by HRH Prince Bertil on the 19th of September 1954.

Hans Jagenburg Hickory Course

The Hickory Course is named after Hans Jagenburg to remember his many, many years of hard work to help establish the club. It was on Hans Jagenburg's initiative that the club started to look for a new location for the course. In 2010 Peter Chamberlain was contracted to re-design part of the holes and all of the the greens. The current design with large undulating greens and hard foregreens is very suited for hickory golf. Each hole is named after past presidents and other persons who played an important role in the development of the club

Accommodation

There is a wide range of hotels available in the centre of Borås only a ten minutes drive from the golf course. In the country side, close to the club there is a hotel and on the course there is a bed & breakfast beside the 1st tee.

Championship Dinner

A championship dinner will be held at the club house on the evening of the 6th of August and transport to and from the course will be provided for guests staying in the centre of Borås.

Detailed information will be availabe at www.borasgolfklubb.se/shm2016
