SPHERE DECLARED "EMINENTLY FAIR"

Jaques Asserts It Is Suited to Average Player and Also to Courses.

ERBERT JAQUES, chairman of the committee on implements and balls of the United States and balls of the United States
Golf Association, erflects the
sentiment of the national golfgoverning body in alluding to the new
standard ball, which is soon to make
its appearance, as "distinctly a refreshing ball to play better suited and eminently fair to the average golfer and
complimentary to the architecture and
playing values of the course."

In an article written for the Amer-In an article written for the Amer-

In an article written for the American Golfer, Jacques has the following to say of the effect of the ball to the ordinary player:

"We all want to know more of the 'human' side of the ball. How big is 1.68? Exactly stx-hundredth larger than the present ball.

"'Infinitesimal' one might say. True enough, but to appreciate it, one must see the ball on the ground ready to be hit. It sits up and whether the fairway be long and uncut, bare, wet or burned out, one doesn't have to dig for it. It flies with a slightly higher trajectory, yet it will not zoom or climb, unless too much underspin has been imparted, sufficient to ruin any shot. unless too much underspin has been imparted, sufficient to ruin any shot. The longer shots of the average golfer will actually have a new meaning to

Helps Mashie Play.

"Mashie play with the new ball is delight. The ball rises a little higher, drops with a sharper trajectory, and rolls less after striking the ground. When hit lower against a light breeze, it will hold like a spade or mashieniblick shot and from a down hill lie

it will hold like a spade or mashleniblick shot and from a down hill lie
it can be controlled with far greater
ease. So in mashle play, also with the
mashle-niblick and niblek the player
will experience easier control.

"In chip shots from just off the green
the larger size and lighter weight give
a combination that will save the mediocre player strokes on every round. In
the rough this ball does not burrow
deeply. It is easier to explode or play
cleanly from a bunker. It is a beautiful
putting ball, rolls true, and, if any difference in putting strength is neded, it
is apparent only on uphill putts.
"Now about distance. From innumerable driving machine and playing
tests, records show a matter of five or
six yards less than the present ball for
the hard hitters—that is, those who hit
235 to 240 yards. Very little is bost in
the flight; it is mostly in the roll. Also
there is a proportionate reduction in
the loss of distance as the hitter's power decreases. A player driving around
180 yards will lose about three to four
yards. Short players who have difficulty in getting the ball up may easily
gain distance from a higher trajectory.

"This new standard ball is distinctly
a refreshing ball to play, better suited
and eminently fair to the average golfer, a little more exacting for the expert, and complimentary to the architecture and playing values of the course.

It is the solemn confiction of the
United States Golf Association that it
will come to be judged one of the most
important contributions to the game
during the next decade."

Dave Thomson Likes It.

Dave Thomson Likes It.

Dave Thomson Likes It.

Dave Thomson, professional at the Washington Golf and Country Club, and a deep student of the game, holds much the same view. Here is what he says of the new ball:

"I believe that the new ball, which is to be 1.55 ounces avordupois and not smaller than 1.68 inches in diameter, will be a benefit to the majority of golfers, more especially to those who have trouble in getting the present ball off the ground with wood clubs. "The new ball will be much easier to pick up, from a low lie, easier to hold on the greens and being larger than the ball now in use, easier to in the center of the putter."

of the putter.
"The loss of distance from the te will be very small and I believe that the moderately hard hitter will get better distance than he now gets with the smaller, heavier ball." Thomson ad-ded that he expects to receive some of the new balls shortly for trial.

Most Important Shot in Golf | STRAIGHT OFF THE TEE

By the Associated Press. The moot question, What is the most important shot in golf? has produced a number of different answers, all interesting and a couple of them clever.

answers, all interesting and a couple of them clever.

Willie Park, a grand putter, said:
"The man who can putt is a match for anybody."

To which Harry Vardon replied:
"The man who can pitch doesn't need to putt."

And one witty sophist dodged the issue by saying that the most important shot in golf is "the next one."

one."

I like Walter Hagen's determined decision, following an era in which it seemed generally accepted that

Roger Uses Odd Method of Pitch

Few golf stars execute shots in the same manner. There are various ways to obtain like results. Yesterday we noted Collett's pitch. Today we'll look at Roger Wethered's. He's a former British amateur champ and the brother of Joyce. Roger plays his ball off his left heel for a pitch, using a noticeably wide stance. using a noticeably wide stance.

Like Glenna Collett he tilts his shaft forward. But his backswing and downswing are noticeably low.

In fact, as his clubhead goes through

In fact, as his clubhead goes through it seems to slide along the turf and under the ball, if one may call a crisp contact a slide.

Now this sliding of lofted face under the ball actually makes the ball itself skid up the face of the iron. All balls act that way when correctly pitched. You see this skid of ball up the face of the crisply played iron causes the ball to take tremendous backspin ere it is plopped high into the air to fall upon the green with a tenaclous bite.

So hit, a ball leaves the club's face near its center. Both Glenna and Roger gain like results but use different means.

the iron shot was "the backbone of golf."

"The drive is the most important shot," said Sir Walter. "It makes every other shot easier or harder."

This is essentially a reasonable verdict, especially in these latter days of Gargantuan courses, with the second shot depending almost exclusively on the long and accurate wallop off the tee.

"You must reach the green before you can begin putting," is Bobby Jones' support of Sir Walter's theory; and if anybody should know the importance of the drive it is Bobby, especially since the United States open championship of 1928 at Olympia Fields. His failure to win the championship, and, indeed, to win it by from two to eight strokes, is directly attributable to his in-ability in that tournament to keep his tremendous and usually accurate tee-shots in the fairway.

his tremendous and usually accurate tee-shots in the fairway.

The long and accurate drive makes all the difference between a pitch to the green and a hard iron or a spoon shot, sometimes from a disadvantageous position, on many of the two-shot holes which nowadays constitute the potent factor of our championship courses. On the popular holes of 400 to 440 yards, a fine drive leaves a pitch or a medium drive leaves a pitch or a medium fron, where a short or partly missed drive means a poke with the longer irons or a desperate bang with the

Two-thirds of a modern cham-pionship course is built on the drive with the wood.

Helen Wills Wins Match With British Man Player

By the Associated Press LONDON, July 11 .- Miss Helen Wills showed a select and keenly interested gallery, including the Prince of Wales, how easily she is able to beat even a first-class male tennis player, when on a private court in the west end of London, she defeated Capt. Victor Cazlet,

M. P., by scores of 6-2, 6-4. Capt. Cazlet, former amateur squash racquets champion of Britain and a renowned tennis player, was no match for the woman champion of three nations. The Mail, describing the match, says she played as ing the match, says she played as if merely toying with him and ran away with the first five games before she allowed the captain to win two, after which she promptly ran out the set. In the second set Helen allowed the score to reach 4-all before running out.

Miss Wills' opponent declared he struggled his hardest, but his efforts were unavailing as "she was too good."

to play July 23 at the Beaver Dam Country Club in an event sponsored by the Women's District Golf Association. Mrs. Alma von Steinner is chairman of the women's committee of the Beaver Dam Club and will act as hostess.

Two matches have been played in the second round of the championship flight in the women's municipal links title event at Rock Creek Park. Mrs. title event at Rock Creek Park. Mrs. Helen Rhyne defeated Miss Nita Burger in one match, by 2 and 1, while Mrs. F. J. Godfrey downed Miss Esther Barnes in another, 5 and 3. In the second flight two matches have been played, with the following results: Mrs. T. P. Hayden defeated Miss Isabel McGree. 6 and 5: Miss Mary Dalgleish defeated Mrs. J. T. Powell, 2 up.

defeated Mrs. J. T. Powell, 2 up.

The final round in the competition for the Morven Thompson Memorial Trophy by members of the Seniors' Golf Association of the Chevy Chase Club lies between P. S. Ridsdale and Gen. D. C. Shanks. Ridsdale plays from scratch, while Shanks, who is chairman of the handicap committee of the senior association, has a handicap of 12 strokes.

Semi-finals in the competition for the Peter Cup, find the following pairings: C. Phillips Hill (11), or Ben S. Minor (11) vs. Maj. H. L. Rice (7); Rear Admiral H. R. Stanford (10) vs. Rear Admiral H. I. Cone (25).

Pairings for the second round of the two-ball matches among the seniors are anounced as follows:

B. S. Minor and Gen. M. M. Patrick (12) w. W. Hillber and H. D. Cremtron (2).

B. S. Minor and Gen. M. M. Patrick (12) s. W. L. Hillyer and H. D. Crampton (9): valter G. Peter and C. Phillips Hill (9) vs. dmiral H. I. Cope and Gen. D. C. Shanks 19): W. G. Branliey and Arion V. Cushmas 13) vs. H. L. Rust and Gen. H. P. McCain G. Cen. Frank R. Keeler and E. M. Tal-chameron (14).

L. O. Cameron has been declared the winner of the putting tourney of the seniors, which was concluded recently, turning in a medal play card of 83, five strokes in front of his nearest competitors. Gen. William J. Nicholson and W. L. Hillyer were tied for second place, with scores of 88.

Announcements of the fourth annual invitation tourney to be played at the Sherwood Forest Golf Course, were received by many Washington amateur golfers today. The tourney will start with an 18-hole qualification round on Friday, July 19, and end with the semi-final and final rounds at match play on Sunday, July 21. Entries for the event close July 17, and should be addressed to the tournament committee, 411 North Charles street, Baltimore.

Charles W. Cole, jr., won the tournament last year, but will not be on hand to play this year, as he is in the West with a party of friends. A number of Washington golfers usually enter the

At least five local professionals are to play in the pro tourney at Philadelphia next Monday. Those who have said they will play are: Bob Barnett of Chevy Chase, Fred McLeod of Columbia, Arthur B. Thorn of Town and Country, and J. Monro Hunter and George Diffenbaugh of Indian Spring.

ENTRIES FOR MUNY NET PLAY TO OPEN MONDAY

Beginning Monday entries will be received for the annual Washington public parks tennis championships to be held on the Rock Creek courts starting July 20.

It is believed that Washington has a fine chance to obtain the national public parks tennis championship tournament in 1930.

Howard-Van Vliet Battle to Be Resumed and Other

Matches Decided.

OMPLETION of the quarterfinal matches in the singles,
halted yesterday by rain, was
to feature the program today
on the Edgemoor Club courts,
where the District of Columbia net
championships are in progress. A
quarter-final doubles match, begun
Tuesday and halted twice, was to follow the singles play.

low the singles play.

Ensign Bill Howard of the Navy Leech Cup squad was leading Maj. R. C. Van Vliet, defending champion and Army Leech Cup star, by one set, 8—6, with games standing 1—1 in the second when play was suspended on the No. 1 court. Clarence Charest, in a match no less interesting although not holding the center of the stage, had gained a one-set advantage at 8—7 over Louis Kurland. Games were 1—1 in the second set of this match also.

Some Great Tennis.

Those who braved the sprinkling rainfall to stay by the side lines during the opening set of the Howard-Van Vliet match saw some of the best tennis ever exhibited on the Edgemoor courts, with Howard as the star performer. During the first even garge former. During the first seven games of the encounter his play was practi-cally errorless, resulting in his gaining a 5-2 lead before Van Vliet could find

Charest, like Howard, rolled up a 5—2 lead over his opponent, and then let down just enough to give Kurland a chance to get his second wind. The latter duplicated Van Vliet's performance in climbing out of the hole, but Charest tightened up, and, after each had won their service three times for a triple knot, the one-armed veteran broke through Kurland's to take the odd game needed.

Each had won their service once in the second brace when rain checked the argument.

argument.

In the unfinished doubles encounter, which will bring the survivors up to the semi-final round, Maj. W. M. Robertson and Lieut. S. K. Robinson were leading Deane Judd and Larry Phillips. 3—2. in the opening set. This match is scheduled for 5 o'clock.

PRO GOLFER GETS 'DODO,' A 2 ON A PAR 5 HOLE

APPLETON, Wis., July 11 (AP).—Add "dodo" to the list of golf terms.
Frank Walsh, pro at the Butte Des Mortes course, yesterday made the ex-pression, which means a hole in 3 under

a 40—0 lead to take the set, but flubbed two easy ones giving Van Vliet a breathing spell. He was quick to take advantage of it, annexing that and the next two games to tle things up. Howard's smashing overheads and well placed drives kept his head above water, however, until he finally topped off with two straight games.

This, together with the Charest-Kurland feature, was to be completed this afternoon at 3:45. At 4:30 Tom Managan was scheduled to have it out with Dooly Mitchell in an encounter which is bound to produce thrills, while Bob Considine was to face Ensign John K. McCue, the one "dark horse."

Kurland Makes Rally. lected their squad, Army Leech Oup net-men are all set for the annual clash with the Navy's racketers, which is scheduled to take place Saturday, July 20, on the Chevy Chase Club courts. Navy's 10 best players have not yet been named, but a squad of 12 from whom the 10 will be selected has been announced.

announced.

Maj. Robert C. Van Vliet his been chosen captain of the Army team, which includes Col. Wait C. Johnson, Majs. W. M. Robertson, T. D. Finley, P. C. Paschal, L. S. Robbs and Huntington Hills; M. Robertson, T. D. Finley, P. C. Paschal, L. S. Robbs and Huntingtoh Hillis Lieuts. D. D. Hedekin, S. K. Robinson and Thomas Sherburne. These are not named in the order in which they will play, as that has not yet been decided. Navy players from whom the team of 10 will be picked include Capt. W. S. Anderson. Comdr. C. C. Gill, Lieut. Comdr. Vincent C. Godfrey, Lieuts. R. M. Watt, ir.; R. H. Dole, De Witt Redgrave and C. D. Griffin: Ensigns W. E. Howard, H. J. MacRoberts, Charles Fenton, John K. McCue and James Farrin. Early indications give promise of a hot clash this year between the Army and Navy.

SHORE PLAYS CLABAUGH

BALTIMORE, July 11.—Frank Shore of Washington and Henry Clabaugh, Middle Atlantic junior champion, were to face today in the semi-finals in the Maryland State junior open tennis championships here. Shore was runnerup to Clabaugh in the recent Middle Atlantic championships.

Shore defeated Nathan Kramer yesterday, 6—4, 6—0, while Clabaugh was disposing of Johnny Neale of Washington, in another quarter-final match.

Aaron Miller and Billy Jacobs were

Playing in a foursome Walsh droved from the tee of a par 5 hole, into the rough. His second shot made the green and trickled into the hole for a 2, and immediately was called a "dodo."

PRECENESS POSSESSION

Not the things you can see. Not the refineries. Not the terminal facilities. Not the tank-cars nor the trucks which carry AMOCO-GAS to the filling stations where it is delivered to you.

No, none of these! Our most priceless possession -- the one asset on which no valuation high enough can be set -- is the confidence which you and other motorists have always displayed in AMOCO-GAS and other AMOCO products!

For thirteen years AMOCO-GAS has been building the reputation which has earned that confidence-and in all that time there has never been a single gallon of AMOCO. GAS which has not done its part toward increasing the high respect in which the Original Special Motor Fuel is held by every motorist who has ever used it.

A constantly widening circle of friends -- an ever-increasing area of distribution -- steadily increasing sales over thirteen years -- and all due to the confidence which you and other motorists place in AMOCO-GAS and other AMOCO products.
