VELKOMMEN TIL LIERMOEN OG KONGSVINGERS GOLFKLUBB.

Vi er stolte av å presentere en av nordens beste skogsbaner, en fullverdig 18 hulls golfbane i et vakkert skogsterrang omgitt av åpne og lyse furumoer, tilrettelagt og bygget under ledelse av den svenske banearkitekten Peter Nordwall og hans beskrivelse av området er:

«I løpet av mine år som golfspiller og golfbane-arkitekt har jeg i Skandinavia ikke sett et område som har så fine og naturlige forutsetninger for en førsteklasses golfbane som på Liermoen. Topografi og jordsmonn minner meg mye om de undulerte sanddynene langs kysten av Storbritania og de sandbaserte hedene sydvest for London».

Banen byr på stillhet, naturopplevelser og utfordringer for spillere på alle nivåer, og med god plass mellom de enkelt fairways. Det finnes ingen out of bounds markeringer og det er tilnærmet umulig å oppleve en plagget ball på fairway pga. områdets naturlige drenering. De fleste baner har noen få hull som kan karakteriseres som signaturhull, men på Liermoen har du mange å velge mellom når du skal velge ditt favoritthull. Golfbanen er stemt fram i regi av World Golf Award som Norges beste bane også i 2025 og totalt hele 10 ganger.

Kongsvingers første golfklubb ble opptatt i Norges Golfforbund, 1988 og hadde sin første par 3 hulls bane m/ 9 hull på klubbens nåværende korthulls bane.

Nåværende golfbanens- første 9 hull ble åpnet for spill i 2005 og de siste 9 ble åpnet i 2009. Golfbanen består av fem par 3 hull, åtte par 4 hull og fem par 5 hull.

Banens totale lengder er: 6 248 mtr. hvit tee, 5 833 mtr. gul tee, 5 417 mtr. blå tee og 5121 mtr. rød tee.

A short summary in English for our foreign guests

Kongsvinger Hickory Committee welcomes you to our 5th International Hickory Golf Tournaments in modern times at Kongsvingers Golf Club - Norway.

The 27th – 28th of July 2026.

The Kongsvinger GC was for the first time founded in 1988 and the present golf course is located on Liermoen, and is designed by the well-known Swedish golf architect Peter Nordwall. The front 9 was opened in 2005 and the back 9 in 2009.

Peter quotes: “In all my years as a player and architect, have I never come across an area in Scandinavia better equipped for a first class championship golf course. The topography and the sandy soil reminds me of the undulating dunes of sand along the south coast of England and the sandy areas of heather southwest of London, where you find some of the most fascinating and the best golf courses in the United Kingdom.”

The 18 hole golf course has been developed into a stunning course with lush undulating fairways cut through a natural pine forest with tall slender trees that surrounds every fairway. Each hole has its own room in the forest with its own character and challenge. Playing the golf course is like having a private walk in the pine forest of Liermoen, with no out of bounds or plugged balls on the fairway.

Kongsvinger Golf Club is located 80 km east of Oslo Airport (OSL), the main airport in Norway and 30 km from the Swedish border.

Liermoen is located on historical ground of great importance for the independent Norway as of today and is located along the ancient main road between Christiania (Oslo) in Norway and Stockholm in Sweden. Liermoen is the forest surrounding the Lier Estate which can be traced back to the Bronze Age (550 – 1050 a.c.). Kongsvinger Fortress have been for over 200 years a part of the Norwegian defense against Sweden and the fortress most important forward defense was Lier Bastion located on the Lier Estate. Several war battles have taken place here and the Norwegian Defense, Department of Culture and Tradition (FAKT) have recreated two historical war battles from 1808 and 1814 in 2008 and 2014 on Lier Bastion, Liermoen.

The Liermoen Hickory Golf Tournaments will take place over 2 days. The first day will be The Peter Nordwall's Hickory Challenge, 18 hole Stableford w/ hickory hcp. Front nine: Greensome Foursome and back nine: Four-ball Bestball. Followed by a Dinner-party, entertainment and a prize-giving ceremony.

The second day will be The Liermoen Hickory Invitational, 18 hole stroke play competition w/ hickory hcp. (Maximum score play, rule no. 21.2). Followed by lunch and a prize ceremony before departure.

To sign up for the Liermoen Hickory Golf Tournaments, please use GolfBox registration or send an e-mail with the enclosed entry form by 1th of June at the latest, to: cmaeland@online.no.

The invitation is open to all golfers with a valid golf club membership, the competition will be played with original hickory clubs from before 1935 and dress code accordingly is recommended.

mail@festningenhotel.no www.festningenhotel.no

Festningen Hotell & Resort ligger på Kongsvinger Festning med en fantastisk utsikt over Kongsvinger by og Glomma. Festningen er et av Hedmark fylkes viktigste kulturminner og et fyrtårn i reiselivssammenheng. Hotellet har 28 gjesterom i tillegg til flere kurs- og selskapslokaler. Festningen er gjennom de siste årene rehabilitert og flere viktige historiske bygninger er satt i stand og tilrettelagt for ny bruk. Hotellet holder en svært høy standard og er et hotell med historisk betydning.

Since the 1600, the Kongsvinger Fortress has been an important part of Norway's border history. It has been Napoleon's north-west frontier, crucial to Norway's independence and a strategic military key that has secured the border. Up to modern times, the fortress has guarded one of the main military travel routes into Norway. These historic buildings have now been turned into a hotel and become a unique experience you'll only find in Kongsvinger.
